TORQUE WRENCH

**NEW**

## Flag Torque Wrench with ratchet function

**Use it to solve troubles  
in your production!**

By reducing the variation of tightening during chip replacement, you can

- Reduce chip replacement adjustment defects
- Prevent over-tightening and reduce screw breakage

## Anyone can realize constant tightening with an off-the-shelf flag wrench!

Your flag wrench can be used as it is!

The horizontal shape allows you to use it in any narrow space!

The tightening is not consistent

The variation of tightening can be reduced by turning it until the right place when it "clicks"

**Standard  
installation  
model**

**Option  
Long Cap**

Item: Flag Torque Wrench

Target size: T6T~T10/T15~T20<sup>\*1</sup> (Please inquire for hexagonal shape)
